

APPENDIX 2- Classroom Observation Protocol for Appraisal Purposes

The Governing Body is committed to ensuring that classroom observation is developmental and supportive and that those involved in the process will:

- carry out the role with professionalism, integrity and courtesy;
- evaluate objectively;
- report accurately and fairly;
- respect the confidentiality of the information gained and;
- seek to reach agreement in advance on how classroom observations are to be carried out.

The total period for classroom observation arranged for any teacher, for appraisal purposes, will not exceed three hours per cycle having regard to the individual circumstances of the teacher. There is no requirement to use all of the three hours. The amount of observation for each teacher should reflect and be proportionate to the needs of the individual.

In this school 'proportionate to need' will be determined in keeping with the following principles:

The arrangements for classroom observation will be included in the planning and review statement and will detail the amount of observation, specify its primary purpose, any particular aspects of the teacher's performance which will be assessed, the duration of the observation, when during the appraisal cycle the observation will take place and who will conduct the observation. Prior to the appraisal observation the context of the observation will be confirmed between the appraiser and appraisee.

Where evidence emerges about the appraisee's teaching performance which gives rise to concern during the cycle, classroom observations may be arranged in addition to those recorded at the beginning of the cycle subject to a revision meeting being held.

Information gathered during the observation will be used, as appropriate, for a variety of purposes including informing school self-evaluation and school improvement strategies in accordance with the school's commitment to streamlining data collection and minimising bureaucracy and workload burdens on staff.

In keeping with the commitment to supportive and developmental classroom observation those being observed will be notified in advance. All teachers should be given at least 5 working days' notice of the appraisal observation.

Classroom observations will only be undertaken by persons with QTS. In addition, in this school, classroom observation will only be undertaken by those who have had adequate preparation and the appropriate professional skills to undertake observation and to provide constructive oral and written feedback and support, in the context of professional dialogue between colleagues.

Oral feedback will be given as soon as possible after the observation and no later than the end of the following working day. It will be given during directed time in a suitable, private environment.

Written feedback will be provided within five working days of the observation taking place. If issues emerged from an observation that were not part of the focus of the observation as recorded in the planning and review statement these should also be covered in the written feedback and the appropriate action taken in accordance with the regulations and guidance.

The written record of feedback also includes the date on which the observation took place, the lesson observed and the length of the observation. The teacher has the right to append written comments on the feedback document. No written notes in addition to the written feedback will be kept.
