

Year 3/4 Maths Long Term Plan - Autumn

Week	1	2	3	4	5	6	7	8	9	10	11	12	
Curriculum Content	<p>Number- Place Value Read and write numbers up to 1000 in numerals and in words. Identify, represent and estimate numbers using different representations. Find 10 or 100 more or less than a given number. Find 1000 more or less than a given number. Recognise the place value of each digit in a 3 digit number. Recognise the place value of each digit in a 4 digit number. Order and compare numbers to 1000. Order and compare numbers beyond 1000. Count from 0 in multiples of 50 and 100 Count in multiples of 25 and 1000 Solve number problems and practical problems involving these ideas. Solve number and practical problems that involve all of the above and with increasingly large positive numbers. Count backwards through zero to include negative numbers. Round any number to the nearest 10, 100 or 1000</p>				<p>Number - Addition and Subtraction Add and subtract numbers mentally, including: a three- digit number and ones; a three-digit number and tens; a three digit number and hundreds. Add and subtract numbers with up to three digits, using formal written methods of columnar addition and subtraction. Add and subtract numbers with up to 4 digits using the formal written methods of columnar addition and subtraction where appropriate. Estimate the answer to a calculation and use inverse operations to check answers. Estimate and use inverse operations to check answers to a calculation. Solve problems, including missing number problems, using number facts, place value, and more complex addition and subtraction. Solve addition and subtraction two step problems in contexts, deciding which operations and methods to use and why.</p>				<p>Number - Multiplication and Division Count from 0 in multiples of 4 and 8 Count in multiples of 6, 7 and 9 Recall and use multiplication and division facts for the 2, 4 and 8 multiplication tables. Recall and use multiplication and division facts for multiplication tables up to 12 × 12. Write and calculate mathematical statements for multiplication and division using the multiplication tables they know, including for two-digit numbers times one-digit numbers, using mental and progressing to formal written methods. Use place value, known and derived facts to multiply and divide mentally, including: multiplying by 0 and 1; dividing by 1; multiplying together three numbers. Solve problems, including missing number problems, involving multiplication and division, including positive integer scaling problems and correspondence problems in which <i>n</i> objects are connected to <i>m</i> objectives. Solve problems involving multiplying and adding, including using the distributive law to multiply two digit numbers by one digit, integer scaling problems and harder correspondence problems such as <i>n</i> objects are connected to <i>m</i> objects.</p>				Consolidation
Ready to Progress Criteria	<p>Y3 3NPV - 1 3NPV - 2 3NPV - 3 3NPV - 4</p> <p>3NF - 1 (within Factual Fluency time)</p>		<p>Y4 4NPV - 1 4NPV - 2 4NPV - 3 4NPV - 4</p> <p>4NF - 1 (within Factual Fluency time)</p>		<p>Y3 3NF - 3 3AS - 1 3AS - 2 3AS - 3</p> <p>3NF - 2 (recap x2,5,10 and learn x4)</p>		<p>Y4 4NF - 3</p> <p>4NF - 1 (within Factual Fluency time)</p>		<p>Y3 3MD - 1</p> <p>4NF - 1 (within Factual Fluency time)</p>		<p>Y4 4NF - 3 4MD - 1 4MD - 2 4MD - 3</p> <p>4NF - 1 (within Factual Fluency time)</p>		
Factual Fluency and Strategies	<p>Y4 - 3NF-2, 4NF-1, 4MD-3 (Mastering Number at KS2) Recall x10/5/2/4/8 Multiplication facts to 12x12 Distributive Law</p>						<p>Y3 Aut 1 Revisit NSM Stage 5 and 6 to ensure secure in fluency of addition and subtraction facts that bridge 10.</p>			<p>Y3 Aut 2 X4 table, linking to x2 table. If secure in x4, move onto x8, linking to the x2/x4.</p>			

Year 3/4 Maths Long Term Plan - Spring

Week	1	2	3	4	5	6	7	8	9	10	11	12	
Curriculum Content	<p>Number – multiplication and division Write and calculate mathematical statements for multiplication and division using the multiplication tables they know, including for two-digit numbers times one-digit numbers, using mental and progressing to formal written methods. Multiply two digit and three digit numbers by a one digit number using formal written layout. Solve problems, including missing number problems, involving multiplication and division, including positive integer scaling problems and correspondence problems in which n objects are connected to m objectives. Solve problems involving multiplying and adding, including using the distributive law to multiply two digit numbers by one digit, integer scaling problems and harder correspondence problems such as n objects are connected to m objects. Recognise and use factor pairs and commutativity in mental calculations.</p>			<p>Fractions Recognise and use fractions as numbers: unit fractions and non-unit fractions with small denominators. Recognise, find and write fractions of a discrete set of objects: unit fractions and non-unit fractions with small denominators. Solve problems involving increasingly harder fractions to calculate quantities, and fractions to divide quantities, including non-unit fractions where the answer is a whole number. Count up and down in tenths; recognise that tenths arise from dividing an object into 10 equal parts and in dividing one-digit numbers or quantities by 10 Count up and down in hundredths; recognise that hundredths arise when dividing an object by one hundred and dividing tenths by ten. Recognise and show, using diagrams, equivalent fractions with small denominators. Recognise and show, using diagrams, families of common equivalent fractions. Add and subtract fractions with the same denominator within one whole. Add and subtract fractions with the same denominator.</p> <p>Number – fractions Compare and order unit fractions, and fractions with the same denominators. Solve problems that involve all of the above. Recognise and write decimal equivalents of any number of tenths or hundredths. Recognise and write decimal equivalents to $1/4$, $1/2$, $3/4$. Round decimals with one decimal place to the nearest whole number. Compare numbers with the same number of decimal places up to two decimal places.</p>						<p>Measurement – Length, Perimeter and Area Measure, compare, add and subtract: lengths (m/cm/mm). Measure the perimeter of simple 2D shapes. Measure and calculate the perimeter of a rectilinear figure (including squares) in centimetres and metres Continue to measure using the appropriate tools and units, progressing to using a wider range of measures, including comparing and using mixed and simple equivalents of mixed units. Convert between different units of measure eg kilometre to metre. Find the area of rectilinear shapes by counting squares.</p>			Consolidation
Ready to Progress Criteria	Y3 3MD - 1	Y4 4NF - 2	Y3 3F - 1 3F - 2 3F - 3 3F - 4				Y4 4F - 1 4F - 2 4F - 3						
Factual Fluency and Strategies	Y4 - 4NF-1, 4MD-2, 4MD-3 (Mastering Number at KS2) Recall multiplication facts to 12×12 , commutative law, distributive law						Y3 Spr 1 X8 table, linking to $x2/x4$ tables.			Y3 If secure in $x4/x8$, move onto $x3$ table.			

Year 3/4 Maths Long Term Plan - Summer

Week	1	2	3	4	5	6	7	8	9	10	11	12						
Curriculum Content	<p>Geometry: Properties of Shapes Recognise angles as a property of shape or a description of a turn. Identify right angles, recognise that two right angles make a half-turn, three make three quarters of a turn and four a complete turn; identify whether angles are greater than or less than a right angle. Identify acute and obtuse angles and compare and order angles up to two right angles by size. Identify horizontal and vertical lines and pairs of perpendicular and parallel lines. Identify lines of symmetry in 2D shapes presented in different orientations. Complete a simple symmetric figure with respect to a specific line of symmetry. Draw 2-D shapes and make 3-D shapes using modelling materials; recognise 3-D shapes in different orientations and describe them. Compare and classify geometric shapes, including quadrilaterals and triangles, based on their properties and sizes.</p>		<p>Measurement: Money Add and subtract amounts of money to give change using both £ and p in practical contexts. Estimate, compare and calculate different measures, including money in pounds and pence. Solve simple measure and money problems involving fractions and decimals to two decimal places.</p>		<p>Statistics Interpret and present data using bar charts, pictograms and tables. Interpret and present discrete and continuous data using appropriate graphical methods, including bar charts and time graphs. Solve one-step and two-step questions (for example, 'How many more?' and 'How many fewer?') using information presented in scaled bar charts and pictograms and tables. Solve comparison, sum and difference problems using information presented in bar charts, pictograms, tables and other graphs.</p>		<p>Measurement: Time Tell and write the time from an analogue clock, including using Roman numerals and 12-hour and 24-hour clocks. Read, write & convert time between analogue and digital 12 and 14 hour clocks. Estimate and read time with increasing accuracy to the nearest minute. Record and compare time in terms of seconds, minutes and hours. Convert between different units of measure eg hour to minute. Use vocabulary such as o'clock, a.m./p.m., morning, afternoon, noon and midnight. Know the number of seconds in a minute and the number of days in each month, year and leap year. Solve problems involving converting from hours to minutes; minutes to seconds; years to months; weeks to days Compare durations of events (for example to calculate the time taken by particular events or tasks). Read Roman numerals to 100 (I to C) and know that over time, the numeral system changed to include the concept of zero and place value.</p>		<p>Measurement: volume and capacity (Y3) Measure, compare, add and subtract: mass (kg/g); volume/capacity (l/ml). Co-ordinates (Y4) Describe positions on a 2D grid as coordinates in the first quadrant. Describe movements between positions as translations of a given unit to the left/ right and up/ down. Plot specified points and draw sides to complete a given polygon.</p>		Consolidation							
Ready to Progress Criteria	Y3 3G-1 3G-2	Y4 4G-1 4G-2 4G-3																
Factual Fluency and Strategies	Y4 - 4NF-1, 4MD-2 (Mastering Number at KS2) Recall multiplication facts to 12 x 12 Manipulative multiplication and division equations and apply commutative law.						Y3 Sum 1 X3/X6 Table - make links across the tables.						Y3 Sum 2 Secure x3/x6.
