Executive Headteacher: Mrs. Charlene Gethin

19th September 2018

Dear Parents,

Mastery Maths Workshops for Parents

Our Federation uses a Teaching for Mastery approach in mathematics that focuses upon ensuring the children have a deep and sustainable conceptual understanding of mathematics.

We would like to invite parents to attend a couple of workshops to understand more about this approach and how we use it in our schools. As a result, this should provide guidance on how you can support your child at home with mathematics.

I will be running the following workshops:

Addition and Subtraction – 6-7pm on Wednesday 24th October.

Multiplication and Division – 6-7pm on Wednesday 14th November.

Both workshops will be held at Needwood Church of England (VA) School. Please could you indicate on the form below if you wish to attend one or both of the workshops. Please could all forms be returned by **Friday 5th October.**

Kind regards,
Mrs Donna Preston.

(Maths Lead, Mastery Specialist)

Mastery Maths Workshop for Parents

Name of parent(s) _____ My child(ren) is in EYFS/KS1/KS2 (please circle).
